INDEX TO VOLUME 47—METAL FINISHING

JANUARY-DECEMBER, 1949

(Compiled by W. A. Raymond, Eng. Editor and I. Oquendo, Edit. Ass't.)

In this index all material that appeared in the January through December issues of *Metal Finishing* is listed according to subject matter, with cross references where required. Following each listing will be found a letter indicating the manner in which the material was published, as follows:

(S)—Shop Problem
(R)—Recent Development
(P)—Patent
(M)—Manufacturers Literature
(B)—New Book
(D)—Engineering Data Sheet
(L)—Letters to the Editor

Any reference not followed by a letter was a feature article. The numbers in the right-hand column refer to the month and page numbers; **6**-85 means June issue, page 85, etc.

ACID DIPPING—See Bright Dipping and Pickling

AGITATION

Agitation in Bright Nickel Baths (S) ... 7- 66

ALLOY PLATING

Galvanic Corrosion of Metals in Salt Water (D) ... 1- 73
Plating White Metals (P) ... 3- 75
Finishing Monel Metal ... 4- 60
Plating Lead-Tin-Antimony Alloys (P) ... 5- 77
Lead-Tin Alloy Plating (P) ... 6-101
Diffused Chrome-Brass-Copper Deposits (P) ... 6-102
Revere to Make Plater's Bar (R) ... 6-110
Electrodeposition of Copper-Lead Alloys from Fluoborate Solutions ... 7- 49
Plating Lead-Antimony-Tin Alloys (P) ... 7- 68
Tin-Zinc Alloy Plating ... 8- 44
Plating Rhodium-Nickel Alloys (P) ... 8- 67
Composite Plated Coating (P) ... 8- 68
Plated Coatings for Non-Decorative Applications (D) ... 12- 74

ALUMINUM

Decorative Electroplating on Aluminum ... 2- 48
Finishing Aluminum Hand Railings (S) ... 3- 74
Finish for Aluminum Reduces Polishing (R) ... 3- 84
Determining Areas of Sheet Metal Aluminum Parts (D) ... 4- 75
Chrome Plating Aluminum (S) ... 5- 76
Burnishing Aluminum and Stainless (R) ... 6-110
Technical Manual on Finishes for Aluminum (M) ... 6-127
Chemical Oxide Films on Aluminum (P) ... 7- 68
Cleaning Compound for Aluminum (R) ... 7- 71
Chemical Coating for Aluminum (P) ... 8- 68
Immersion Plating of Zinc, Cadmium, and Tin on Aluminum Alloys ... 9- 52
Heat Resistant Finish for Aluminum (R) ... 9- 86
Chemical Immersion Polish for Aluminum Alloys (R) ... 9- 88
Conversion Coating for Aluminum Alloys (P) ... 10- 83
Conversion Coating for Aluminum (P) ... 10- 84
Etching Aluminum (P) ... 10- 84
Plating Nickel on Aluminum Alloys (P) ... 11- 72
Cleaning Aluminum for Spot Welding (P) ... 11- 73
Polishing Aluminum (M) ... 11- 93
Adhesion of Hard Nickel to High Strength Aluminum Alloy ... 12- 42

ANALYSIS—See Testing

ANODES

Cleaning Lead Anodes Used for Chromium Plating (P) ... 1- 71
Anode for Electroplating (P) ... 1- 72
"Copper Plating" (L) ... 2- 77
Process for Producing Modified Nickel Anodes (P) ... 2- 79
Flat-Top Copper Anodes (R) ... 4- 79
Unbreakable Anode Rod Support (R) ... 4- 82
Increasing Anode Efficiency in Alkaline Tin Plating (P) ... 5- 78
Insulated Anode Hook (R) ... 5- 87
Reducing Trivalent Chrome (S) ... 6- 99
Nylon Anode Bags (R) ... 6-104
Plating Anode (P) ... 7- 67
Corrugated Lead Anodes for Chrome Plating (M) ... 8- 96
Silver Anode Corrosion (S) ... 9- 76
Anode (P) ... 9- 77
New Anode Packaging Method (R) ... 9- 80
Poor Throwing Power in Chrome Bath (S) ... 10- 81
Adjustable Anode Rod Arrangement (P) ... 10- 83
New Lead Alloy for Plating Industry (R) ... 10- 86
Anodes for Gold Plating (S) ... 11- 70

ANODIZING

Finish for Aluminum Reduces Polishing (R) ... 3- 84
Anodizing Magnesium Alloys (P) ... 4- 73
Tanks for Stripping Anodized Coatings (S) ... 5- 75
Anodizing Magnesium Alloys (P) ... 5- 78
Chemical Oxide Films on Aluminum (P) ... 7- 68
Chemical Coating for Aluminum (P) ... 8- 68
Sealing Anodized Coatings (P) ... 9- 78

ARSENIC PLATING

Arsenic Plating (S) ... 2- 76

AUTOMATIC EQUIPMENT

The Use of Graphite in Metal Finishing Operations ... 2- 51
Reducing Finishing Costs Through Modern Techniques ... 2- 63
Holloware Buffing Machine (P) ... 3- 76
Finishing Machine for Ornamental Chains (P) ... 3- 76
Conveyor Type Washing Machine (R) ... 3- 87
Continuous Tinning of Steel Strip (P) ... 5- 77
Ball Plating Apparatus (P) ... 5- 77
Buffing Compound Applicator (R) ... 5- 84
Polishing and Buffing Machines (M) ... 5- 97
Semi-Automatic Polishing Machines (R) ... 6-107
Packaged Chrome Plating Machine (R) ... 6-110
Buffing and Polishing Machines (R) ... 7- 71
Conveyor Degreasing Machine (R) ... 7- 73
Automatic Grease Lubricator for Conveyors (R) ... 7- 79
Automatic Polishing and Buffing Machines (M) ... 7- 80
Where Do We Go From Here? ... 9- 48
Plating Machine (P) ... 9- 77
Spray Gun for Liquid Abrasives (P) ... 9- 78
Automatic Plating Conveyor (P) ... 9- 97
Polishing and Buffing Machinery (M) ... 9-101
Mechanical Surface Finishing—Tradition or Engineering ... 10- 64
High Speed Buffing of Screw Heads ... 10- 74
Gaseous Plating ... 10- 79
Completely Enclosed Washing and Pickling Machine (R) ... 10- 86
Air-Operated Dip Tank for Cleaning Metal Parts (R) ... 10- 92
Electronic Controls for Strip Plating Machines (P) ... 11- 72
Contour and Flat Polishing and Glazing Machine (R) ... 11- 77
Automatic Plating at E. Ingraham Co. ... 12- 63
Double Belt Hydraulic Stroke Sander (R) ... 12- 77
Straight-Line Automatic Polishing & Buffing Machines (M) ... 12-100

BARREL FINISHING—See Tumbling and Barrel Finishing

BARREL PLATING

Improved Barrel Plating (R) ... 1- 78
Electroplating Machine (P) ... 2- 78
Wood Plating Barrels (R) ... 4- 80
Combination Barrel & Still Plating Machine (R) ... 7- 76
Bright Zinc Plating in Barrels (M) ... 9-101
Plating Machine (P) ... 12- 73

BLAST CLEANING

Abrasive Finishing Machine (P) ... 2- 78
Metal Cleaning and Finishing Machine (R) ... 2- 88
Abrasive Blast Table (P) ... 3- 76
Hydrofinish Abrasive Blasting (R) ... 3- 85
Continuous Blast Cleaning of Strip of Sheets (P) ... 7- 67
High Pressure Sand Blasting ... 8- 56
Sandblast Helmet (R) ... 8- 75
Steel Shot for Blasting (R) ... 8- 75
Blast Cleaning vs. Pickling for Metal Cleaning (B) ... 8- 97
New Blasting Abrasive (R) ... 9- 82
Redesigned Tumblast Machine (R) ... 9- 87
Blast Cleaning Machines (M) ... 9-101
Blast Cleaning with Suspended-Abrasive Media ... 10- 76
Cut Wire Steel Shot (R) ... 10- 94
Steel Blasting Shot (M) ... 11- 94
Blast Cleaning Stainless Steel ... 12- 68

BRIGHT DIPPING

Bright Dipping Nickel Plating (S) ... 1- 68
New Iridite Finish (R) ... 1- 81
Bright Dipping Silicon Bronzes (S) ... 3- 74
New Bright Dip for Copper Alloys (R) ... 3- 79
Finish for Aluminum Reduces Polishing (R) ... 3- 84
Finishing Monel Metal ... 4- 60
Chemical Polish for Copper, Brass, Bronze (R) ... 4- 78
Bright Dipping Zinc Die Cast Parts (S) ... 5- 75
Bright Dip for Brass and Copper (M) ... 5- 99
Bright Finish on Silver Brazed Brass (S) ... 6- 99
Improved Bright Dip for Copper Alloys (R) ... 6-113
Bright Zinc Finish (S) ... 7- 65
Bright Dipping Gold-Filled Stock (S) ... 9- 76
Immersion Polishing of Aluminum Alloys (R) ... 9- 88
Chemical Polishing ... 11- 50
Removing Copper from Heat Treated Steels (S) ... 11- 70

BRIGHTENERS

Cadmium Brightener (M) ... 2-106
Acid Copper for Decorative Plating ... 3- 48
Reducing Finishing Costs Through Modern Techniques ... 3- 63
Liquid Addition Agent for Copper Plating (M) ... 4-106
Removing Excess Brightener from Nickel Baths (S) ... 5- 75
Brightener for Silver Plating (S) ... 6- 99
Brightener for Silver Plating (S) ... 9- 75
Deposition of Copper from Phosphoric Acid Solutions ... 11- 56

BRUSH PLATING

Plating on Iron with Cold Salt Solutions (P) ... 12- 73

BUFFING—See Polishing

BURNISHING—See Tumbling and Barrel Finishing

CADMIUM PLATING

Cadmium Brightener (M) ... 2-106
Free Cyanide Control in Cadmium Baths (S) ... 4- 71
The Analysis of Cadmium Cyanide Plating Solutions ... 5- 62
Welding, Brazing and Soldering of Plated Metals ... 5- 93
Cadmium vs. Tin vs. Zinc for Salt Spray Resistance (S) ... 7- 66
Cadmium Plating (D) ... 7- 69
Hydrogen Embrittlement Failure (S) ... 8- 64
Immersion Plating of Zinc, Cadmium and Tin on Aluminum Alloys ... 9- 52
Stripping Terne Plate Before Cadmium Plating (S) ... 9- 75

CHEMICALS

Foam Inhibitors (P) ... 3- 77
Ferric Chloride (M) ... 3-103

Anhydrous Hydrofluoric Acid (M) 3-103
Tin Fluoborate (P) 4- 74
Sequestrant for Solutions Containing Calcium and Iron (R) 5- 83
Concentrated Plating Solutions (P) 7- 66
Surface Active Agents (B) 7- 97
Using Crystallized Sodium Carbonate in Cleaners (S) 10- 82
Bulletins on Properties of Phosphates (M) 10-110
Some Notes on Synthetic Detergents 11- 48
The Safe Use of Perchloric-Acetic Electropolishing Baths 11- 62

CHROMATE SURFACE TREATMENTS

Method of Producing Articles Having Fissured Chromium Surface Electrodeposits (P) 1- 70
Protection of Non-Ferrous Metal Surfaces (P) 1- 71
New Dip Treatment for Zinc (R) 1- 74
New Iridite Finish (R) 1- 81
Conversion Coatings for Magnesium Alloys (P) 4- 74
Chromate Dip to Prevent Tarnishing of Plated Surfaces (R) 6-109
Conversion Coating on Zinc (P) 9- 77
Conversion Coating for Aluminum Alloys (P) 10- 83
Conversion Coating for Aluminum Alloys (P) 10- 84
All-Purpose Iridite (R) 11- 75

CHROMIUM PLATING

Method of Producing Articles Having Fissured Chromium Deposits (P) 1- 70
Cleaning Lead Anodes Used for Chromium Plating (P) 1- 71
Decorative Electroplating on Aluminum 2- 48
Porous Chrome Plating (S) 2- 76
Chrome Plating Over Bronzed Areas (S) 4- 72
Chrome Plating Aluminum (S) 5- 76
Welding, Brazing and Soldering of Plated Metals 6- 93
Reducing Trivalent Chrome (S) 6- 99
Chrome Plating Propeller Blades (P) 6-101
Self Contained Packaged Plating Machine (R) 6-110
Chromic Acid Control (S) 8- 65
Corrugated Lead Anodes for Chrome Plating (M) 8- 86
Excessive Current in Chrome Plating (S) 9- 75
Decorative Nickel and Chromium Plating on Steel (D) 9- 79
Hard Chrome Plating (M) 9-103
Poor Throwing Power in Chrome Bath (S) 10- 81
Decorative Nickel for Chromium Plating on Copper Alloys (D) 10- 85
Chrome Plated Aircraft Steels 11- 60
Decorative Nickel-Chrome Plating on Zinc Die Castings (D) 11- 74
Plated Coatings for Non-Decorative Applications (D) 12- 74
Self-Regulating High-Speed Chromium Plating Solution (R) 12- 80

CLEANING

New Steam Gun (R) 1- 75
Combination Cleaner and Phosphate Coating Compound (R) 1- 80
Metal Cleaners and Conditioners (R) 1- 81
Emulsion Cleaner (R) 1- 82
Decorative Electroplating on Aluminum 2- 48
Pickling vs. Grit Blasting for Cleaning 2- 69
Plating White Metal Parts (S) 3- 75
Surface Treatment of Sheet Metals (P) 3- 76
Alkaline Detergent Composition (P) 3- 77
Cleaning Iron and Steel Surfaces (P) 3- 77
Foam Inhibiting Composition (P) 3- 77
Conveyor Type Washing Machine (R) 3- 87
Sodium Silicates in Metal Cleaning 4- 52
Finishing Monel Metal 4- 60
Synthetic Surface Active Agents in Metal Finishing 4- 68
Cleaning Cast Iron (S) 4- 71
Safe Use of Cyanide Cleaners (S) 4- 72
Synthetic Cleaner (R) 4- 76
Metal Cleaning Process (R) 4- 80
Hand Cleansers (R) 4- 80
Industrial Metal Cleaning Compounds (R) 4- 81
Cleaning Metals in Molten Salt Bath (P) 5- 78
Non-Silicated Cleaner (R) 5- 80
Combination Drum and Belt Washing Machine (R) 5- 86
"Sodium Silicates in Metal Cleaning" (L) 5-110
Making Dust Free Alkaline Detergent (P) 6-102
Metal Cleaner (R) 6-113
Spray Washers (R) 6-114
Cleaning Die Compounds From Brass Forgings (S) 7- 65
Continuous Blast Cleaning of Strip or Sheets (P) 7- 67
Cleaning Compound for Aluminum (R) 7- 71
Tin-Zinc-Alloy Plating 8- 44
A Critical Survey of Plating Practice for Zinc-Base Die Castings 8- 50
High Pressure Sandblasting 8- 56
Electrocleaner (P) 8- 68
Silicates in Metal Cleaning (L) 7- 70
Reverse-Current Cleaner for Zinc Die Castings (R) 8- 70
Hand Cleanser (R) 8- 73
Synthetic Detergents (R) 8- 74
Synthetic Emulsion Cleaner (R) 8- 76
Automatic Small Parts Cleaning Machine (R) 8- 78
"Sodium Silicates in Metal Cleaning" (L) 8- 93
Cleaning Compounds (M) 8- 95
Experimental Cleaning Service (R) 9- 80
Compact Steam Cleaner (R) 9- 84
Cleaner Conditioner and De-ruster for Ferrous Metals and Aluminum (R) 9- 89
Plating on Lead Castings (S) 10- 81
Using Crystallized Sodium Carbonate in Cleaners (S) 10- 82
Completely Enclosed Washing & Pickling Machine (R) 10- 86
Air Operated Dip Tank for Cleaning Metal Parts (R) 10- 92
New Pressure Washer Gives More Versatile Cleaning Performance (R) 10- 92
Furnace for Descaling in Salt Baths (R) 10- 93
New Surface Treatment Chemical for Aluminum Steel & Zinc Surfaces (R) 10- 95
Cleaners for Metals (M) 10-109
Some Notes on Synthetic Detergents 11- 48
Cleaning Aluminum for Spot Welding (P) 11- 73
New Di-Phase Cleaner (R) 11- 79
Cleaners for All Metals (M) 11- 92
Marine Electrocleaning Apparatus (P) 12- 72
Electrolytic Removal of Resin from Metal (P) 12- 72
Soak Cleaner (M) 12- 98
Synthetic Detergents (M) 12-100

COLORED SURFACE TREATMENTS

Decorative Finishes for Lead 1- 64
Oxidized Finishes for Bronze (S) 1- 68
Coloring Brass (S) 1- 69
Arsenic Plating (S) 2- 76
Jeweler's Workshop Practices (B) 2-111
Blackening Copper Alloys (P) 4- 74
Blue Black Finish on Brass (S) 6- 99
Dark Brown Colors on Copper (S) 6-100
Blackening Cast Iron (S) 7- 65
Black Finish for Iron and Steel (R) 7- 76
Black Finish on Silver Brazed Steel Parts (S) 8- 64
Blackening Stainless Steel (S) 10- 81
Blackening Stainless Steel for Immersion (P) 10- 84
Antique Gold Finishes (S) 11- 70
Blackening Copper Alloys by Immersion (P) 11- 73
Ormulu Gold Finish (S) 12- 70

COLOR BUFFING—See Polishing

CONTINUOUS PLATING OF WIRE AND STRIP

Continuous Plating of Wire & Strip (P) .. 1- 72
Continuous Tinning of Strip (P) 5- 77
Continuous Brightening of Tin Plate (P) 5- 78
Continuous Galvanizing (P) 6-101
Gaseous Plating 10- 79
Electronic Controls for Strip Plating Machines (P) 11- 72
Electrolytic Apparatus for Treating Moving Strip (P) 12- 73

COPPER PLATING

High Speed Acid Copper Bath (R) 1- 79
Decorative Electroplating on Aluminum .. 2- 48
Copper Plating Over Chrome (S) 2- 77
"Copper Plating" (L) 2- 77
Acid Copper for Decorative Plating 3- 48
Anode Films in Copper Baths (P) 3- 74
Fluoborate Bright Copper Plating (P) 3- 77
Flat Top Copper Anodes (R) 4- 79
"Copper Plating Over Chrome" (L) 4- 96
Liquid Addition Agent for Copper Plating (M) 4-106
Plating Spot Welded Parts (S) 5- 75
Cyanide Bright Copper Plating Bath (R) 5- 80
Welding, Brazing and Soldering of Plated Metals 6- 93
Bright Copper Bath (P) 6-102
Copper Plating Cooking Utensils (P) 7- 68
"Spotting-Out of Spot Welded Parts" (L) 7- 86
Filter Aid for Cyanide Copper Baths (R) 8- 71
Making Up Copper Cyanide Bath (S) 9- 75
Immersion Copper Coatings on Steel (P) 9- 99
Bright Copper Plating (P) 10- 83
Plating for Lubricating Purposes (S) 10- 82
Deposition of Copper from Phosphoric Acid Solutions 11- 56
Removing Copper from Heat Treated Steels (S) 11- 70
Acid Copper Plating Bath (P) 11- 72
Spotting Out on Plated Castings (S) 12- 70
Plated Coatings for Non-Decorative Applications (D) 12- 74

CORROSION RESISTANCE

Rust Preventive Chromium Compounds (P) 1- 70
Protection of Non-Ferrous Metal Surfaces (P) 1- 71
Rust Preventive Slushing Compounds (P) 1- 71
Protection of Non-Ferrous Metal Surfaces (P) 1- 71
Corrosion Preventive (P) 1- 72
Galvanic Corrosion of Metals in Salt Water (D) 1- 73
New Dip Treatment for Zinc (R) 1- 74
New Iridite Finish (R) 1- 81
Chemical Process Equipment (M) 1- 94
Water Soluble Rust Preventive (R) 3- 85
Galvanic Cell Corrosion (M) 3-103
Anti-Tarnish Treatment for Silverware (S) 4- 71
Conversion Coating for Magnesium Alloys (P) 4- 74
Chemical Polish Protects Copper, Brass, Bronze (R) 4- 78
Rust Preventive Wrapper Eliminates Coating of Iron and Steel Products (R) 4- 85
Prevention of Iron and Steel Corrosion (B) 4- 99
Metal Corrosion Retarder (P) 5- 78
Anti-Tarnish Treatment for Silverware (R) 5- 84
Rust-Proof Wrapping for Metal Products (R) 5- 87
Buffing Compounds and Brass Tarnishing (S) 6- 99
Tarnish Resistant Finish for Silverware (S) 6-100
Phosphate Coatings (P) 6-101
Diffused Chrome Brass-Copper Deposits (P) 6-102
Chromate Dip to Prevent Tarnishing of Plated Surfaces (R) 6-109
Resistance of High Nickel Alloys to Sulfuric Acid Corrosion (M) 6-124
Protection of Metal Equipment Against Corrosion (M) 6-126
Corrosion Characteristics of Metal Pipe Used in Sprinkle Irrigation Systems (B) 6-141
Cadmium vs. Tin vs. Zinc for Salt Spray Resistance (P) 7- 66
Conversion Coating on Magnesium Alloys (P) 7- 68
Acid Resisting Material (R) 7- 77
Corrosion Resisting High Silicon Irons (M) 7- 81
Chemical Resistant Cement (M) 8- 97
Duriment 20 Sheet and Plate (R) 9- 80
Passivating Treatment for Ferrous Metals (P) 10- 83
"Chemical Stoneware Drains" (L) 10-108
Corrosion Resistance of Stainless, Monel & Nickel Castings (M) 10-110
Tarnish and Corrosion Proof Wrapping (P) 11- 72
Rust Preventative (R) 11- 81
Rust Preventive Booklet (M) 11- 94
Rust Preventive (R) 12- 77

COSTS

Keeping Costs in the Plating Room 1- 20
Reducing Finishing Costs Through Modern Techniques 3- 63
Plating Supply Prices (M) 4-105
Rectifier Circuits and Power Costs 5- 97
Metal Finishing Manual of the National Association of Metal Finishers (B) 5-107
Evaluating the Present and Future Status of Your Business (M) 6-128
Tin-Zinc Alloy Plating 8- 44
Hard Nickel Plating 11- 53

DEGREASING

Vapor Degreasers (R) 1- 81
The Use of Graphite in Metal Finishing Operations 3- 51
Stainless Steel Degreasers with Automatic Controls (R) 4- 84
Degreasing Machines (M) 4-106
Improved Degreasing Solvents (R) 5- 80
Tumbling Conveyor Degreasing Machine (R) 7- 73
Still and Degreaser (R) 8- 71
Synthetic Agent for Degreasing Metal (R) 8- 76
Degreasing Machine (P) 9- 77
Degreasing Light Parts (S) 11- 70
Stainless Steel Twin-Tank Degreasers (R) 11- 78
New Bulletin on High Silicon Iron Plug Valves (M) 11- 95

DESCALING—See Pickling.

DIE CASTINGS

Sodium Silicates in Metal Cleaning 4- 52
Surface Quality of Zinc Die Castings 5- 72
Bright Dipping Zinc Die Cast Parts (S) 5- 75
"Sodium Silicates in Metal Cleaning" (L) 5-110
Pretreatment for Plating Zinc Alloys 6-101
Silicates in Metal Cleaning (L) 7- 70
A Critical Survey of Plating Practice for Zinc-Base Die Castings 8- 50
Removing Corrosion from Zinc Alloys (P) 8- 67
Reverse-Current Cleaner for Zinc Die-Castings (R) 8- 70
"Silicates in Metal Cleaning" (L) 8- 93
Blistering of Brass-Plated Die Castings (S) 10- 81
Barrel Tumbling Practice on Yale Hardware 11- 51
Plating Zinc Die Castings (S) 11- 71
Chromated Protein Films on Zinc Alloys (P) 11- 73
Decorative Nickel-Chrome Plating on Zinc Die Castings (D) 11- 74

DRAG OUT—See Fluid Mechanics.

DRYING

Centrifugal Dryer for Small Parts (R) 1- 74
Barrels for Deburring, Burnishing, Drying (M) 1- 94
Drying Equipment for Plated Parts (R) 2- 81
Centrifugal Dryer for Small Parts (M) 2-107
Centrifugal Dryer (R) 3- 79
Spotless Dryer (R) 3- 79
Spotless Parts Dryer (R) 9- 80
Parts Drying Machine (M) 9-101
Room De-Humidifier (R) 10- 93

ELECTROCHEMISTRY

Throwing Power of Electroplating Solutions 1- 54
Comment on Mr. Mankowich's Article on "Throwing Power" by George E. Gardam 1- 55
Electrolytic Polishing of Metallic Surfaces 10- 68; 5- 48; 6- 83; 9- 60
The Development of Theoretical Electrochemistry (B) 6-141
Adsorption Phenomena in the Plating Room 8- 58
Plating Under Vacuum 8- 67
Plating with X-Rays (S) 12- 71

ELECTROCLEANING—See Cleaning.

ELECTROFORMING

Acid Copper for Decorative Plating 3- 48
Hard Nickel Plating 11- 53

ELECTROPOLISHING

Decorative Electroplating on Aluminum 2- 48
Deburring Delicate Parts (S) 2- 77
Reducing Finishing Costs Through Modern Techniques 3- 63
Electropolishing Silver at Oneida, Ltd. 4- 55
Bright Silver Plating (S) 4- 71
Electrolytic Polishing of Stainless Steel (P) 4- 73
Electrolytic Polishing of Stainless Steel (P) 4- 74
Electrolytic Polishing of Metallic Surfaces 10- 68; 5- 48; 6- 83; 7- 58; 9- 60
Electropolishing Tantalum (P) 8- 67
Heavy Silver Plating in a Single Immersion (S) 10- 81
Chemical Polishing 11- 50
The Safe Use of Perchloric-Acetic Electro-Polising Baths 11- 62
Electropolishing Internal Surfaces of Hollow Valves (P) 11- 72
Electropolishing Refrigerator Shelves 12- 59

ETCHING—See Pickling.

FILTERS AND PUMPS

Portable Filter for Smaller Plants (R) 1- 78
Stainless Membrane for Titeflex Filters (R) 2- 86
Cylinder Type Disk Filter (R) 2- 87
New Stainless Steel Filter (R) 3- 88
Portable Pump Unit (R) 4- 76
Slurry Filters (R) 4- 86
Hard Rubber Filter (R) 5- 80
Drum Pump (R) 5- 88
Line Filters for Air or Gas Lines (R) 5-108
Line Filters and Spray Nozzles (M) 6-125
Filtering System for Plating Tanks (R) 10- 96
Titeflex Filters Catalogue (M) 10-109
"Pint-Sized" Filter Pump Units (R) 11- 75
All-Stainless Sealed Unit Filter (R) 11- 76
Low Cost Filter Units (R) 12- 77
Centrifugal Pump Installation and Operating Manual (M) 12- 98

GALVANIZING AND TINNING

Lead Coating Ferrous Articles (P) 1- 71
The Bending Qualities of Hot Dip Zinc Coatings 2- 65
Tin Plating by Immersion Solves Dip Problem 4- 66
Welding, Brazing and Soldering of Plated Metals 6- 93
Continuous Galvanizing (P) 6-101
Fluxes for Hot Dip Galvanizing and Tinning (M) 7- 81
Tin Coating Inside Copper Tubes (P) 9- 78
Substitute for Palm Oil in Hot Dip Tinning (R) 10- 99

GENERATORS—See Power, Sources of

GOLD PLATING

Karat Gold Plating (S) 1- 68
Hard Gold Deposits (S) 2- 77
Gold Plating (S) 5- 76
Precious Metal Plating (M) 5- 97
Acid Gold Plating Baths (S) 7- 65
Gold Plating Electrical Contacts (S) 8- 64
New Method of Making Rolled Gold Challenges Electroplating for Many Items (R) 8- 80
Antique Gold Finishes (S) 11- 70
Anodes for Gold Plating (S) 11- 70
Ormulu Gold Finish (S) 12- 70

GRINDING—See Polishing.

HANDLING EQUIPMENT

Portable Conveyor and Loading Unit (R) 1- 76
Chemical Process Equipment (M) 1- 94
Conveyors and Loading Devices (M) 1- 95
Crate for Water Bottles or Acid Carboys (P) 3- 76
Stainless Steel Pail (R) 3- 79
Dipping Baskets (R) 4- 81
New Rotary Magnetool (R) 4- 82
New Type Overhead Conveyor (R) 4- 86
Container for Safe Pouring of Acids (R) 5- 80
Drum Pump (R) 5- 88
Spill-Proof Unbreakable Acid Container (R) 6-108
Overhead Materials Handling (M) 6-129
Descriptive Bulletin on Chain Lubricators (M) 6-131
Belt Conveyor Bulletins (M) 6-131
Carboy Tilter (R) 7- 80
New Packaging for Acid Proof Cement (R) 8- 75
Vertical Drum Lifter (R) 8- 76
Plating Widgets (M) 8- 85
Dipping Baskets (M) 8- 96
Valves for Concentrated Sulfuric Acid (R) 9- 84
Wire Cloth Specialties (M) 9-102
Karbate Pipe and Fittings (M) 9-103
Door Arrangement for Tumbling Barrels (P) 10- 84
Drum Rotator & Truck (R) 10- 94
Corrosive Handling Process Equipment (M) 11- 92
Low Cost Filter Units (R) 12- 77
Centrifugal Pump Installation and Operating Manual (M) 12- 98

HEATING METHODS AND EQUIPMENT

"Karbate" Heat Exchanger (R) 3- 87
Karbate Heat Exchanger (R) 4- 84
Plate Type Heat Transformer Coils (R) 6-104
Heat Exchangers for Plating Solutions (M) 6-131
All-Steel and All-Inconel Immersion Heaters (R) 7- 77
Heating Tank for Strippable Coatings (R) 8- 74
New Method of Tank Heating (M) 8- 98
Plating Tank Piping Insulator (R) 10- 88
Furnace for Salt Bath Descaling (R) 10- 93

HISTORY OF PLATING

Ancient Origins of Plating 2- 62
Acid Copper for Decorative Plating 3- 48
Electrolytic Polishing of Metallic Surfaces 5- 48; 6- 83
All Our Yesterdays 5- 66; 9- 68; 12- 47

IMMERSION PLATING

Tin Plating by Immersion Solves Difficult Problem 4- 66
Tinning by Immersion Treatments (S) 8- 64
Immersion Plating of Zinc, Cadmium and Tin on Aluminum Alloys 9- 52
Immersion Copper Coatings on Steel (P) 9- 99
Adhesion of Hard Nickel to High Strength Alum. Alloy 12- 42

INDIUM PLATING

Electrolytic Deposition of Indium (P) 1- 71
Indium Plating (P) 4- 74
Soldering Indium Plated Articles (P) 6-102
Diffused Indium-Copper Bearings (P) 7- 68

INHIBITORS

Composition for Inhibiting Foam (P) 3- 77
Nytron in Steel Pickling (M) 6-127
Adsorption Phenomena in the Plating Room 8- 58
Acid Inhibitors (P) 8- 68
Inhibited Acid for Steel Pickling (P) 10- 84
Tarnish and Corrosion Proof Wrapping (P) 11- 72

INSTRUMENTS, INDUSTRIAL

Specular Reflextometer (P) 2- 78
Third Dimension Magnifying Spectacles (R) 2- 84
New Bulletin on Industrial Instruments (M) 2-107
Temperature Control for Cooling Water Systems (R) 3- 82
Permanent Magnet Catalog (M) 3-104
Electrical Thermometer for Remote and Multiple Indications (R) 4- 79
Repeat Cycle Timer (R) 4- 83
Electrolytic Plating Thickness Tester (S) 6- 99
Temperature Controller (R) 6-111
Thickness Measurement of Non-Magnetic Coatings on Steel (R) 6-112
Controlled Neutralization of Wastes (M) 6-125
Industrial Thermometer (M) 6-126
Relative Humidity Indicator (R) 7- 75
Illuminated Magnifier (R) 8- 73
Plating Thickness Measuring Instruments (R) 8- 79
Where Do We Go From Here? 9- 48
Leak Detector for Tanks (R) 9- 83
Electrostatic Sampler for Airborne Particles (R) 9- 85
Colorimetric Methods for the Analysis of Electroplating Baths 10- 58
Roughness Measurement of Surfaces (P) 10- 84
Air Operated Control Instruments (R) 10- 90
Electronic Controls for Strip Plating Machines (P) 11- 72
Self-Illuminated Industrial Microscope (R) 11- 80
Liquid Level Control (R) 11- 80
Plating Thickness Micrometer (R) 12- 81

IRIDIUM PLATING

Iridium Plating (S) 1- 68

IRON PLATING

Electrodeposition of Iron (P) 12- 72

LEAD PLATING

Decorative Finishes for Lead 1- 64
Lead Coating Ferrous Articles (P) 1- 71
Refinishing Hollow Ware 5- 79
Lead Plating (P) 8- 67

MAGNESIUM

The Story of Magnesium (B) 3-105
Anodizing Magnesium Alloys (P) 4- 73
Conversion Coating for Magnesium Alloys (P) 4- 74
Anodizing Magnesium Alloys (P) 5- 78
Conversion Coating for Magnesium Alloys (P) 7- 68

METALLIZING

Evaporating Metals (P) 1- 70
Metallizing of Non-Conductors (P) 1- 71
Metallizing Non-Metallic Bodies (P) 2- 79
The Use of Graphite in Metal Finishing Operations 3- 51
The Metallization of Plastics (B) 4- 98
Front Surface Mirrors (P) 6-102
Deposition of Metallic Films By Vacuum Methods 7- 42
Stable Graphite Film (R) 8- 76
Gaseous Plating 10- 79
Metallizing Non-Conductors (P) 11- 72
Bonding Metal Carbonyl Deposits (P) 11- 72
"Gaseous Plating System" (L) 12- 89
Metallizing Worn Packing Areas (M) 12- 98

NICKEL PLATING

Removing Oil Films from Plating Baths (S) 1- 68
Plating Scissors and Shears (S) 1- 68
Bright Dipping Nickel Plating (S) 1- 68
Decorative Electroplating on Aluminum 2- 48
A Semi-Bright Nickel Plating Process 2- 55
Process for Producing Modified Nickel Anodes (P) 2- 79
Reducing Finishing Costs Through Modern Techniques 3- 63
Removing Chrome Contamination from a Nickel Solution (S) 3- 75
Bright Nickel Plating Baths (P) 3- 77
Nickel Coated Wire (R) 3- 87
Effects of Copper in Nickel Baths on the Salt-Spray Resistance (M) 3- 89
Physical Properties of Electrodeposited Nickel (M) 3- 89
Adjustment of pH in Nickel Plating Baths (D) 5- 79
Welding, Brazing and Soldering of Plated Metals 6- 93
Plating on Stainless Steel (S) 7- 65
Sludge Formation in Black Nickel Plating (S) 7- 66
Agitation in Bright Nickel Baths (S) 7- 66
Critical Survey of Plating Practice for Zinc-Base Die-Castings 8- 50
Nickel Plating Blued Steel (S) 8- 64
Plating Rhodium-Nickel Alloys (P) 8- 67
Bright Nickel Plating (P) 8- 68
Pitting in Nickel Plating (S) 9- 76
Nickel Plating Bath (P) 9- 78
Nickel Plating (P) 9- 78
Decorative Nickel and Chromium Plating on Steel (D) 9- 79
Periodic Reverse Plating of Nickel and Cobalt (P) 9- 99
Colorimetric Methods for the Analysis of Electroplating Baths 10- 58
Decorative Nickel for Chromium Plating on Copper Alloys (D) 10- 85
Hard Nickel Plating 11- 53
Converting Bright Nickel Baths (S) 11- 70
Plating Nickel on Aluminum Alloys (P) 11- 72
Decorative Nickel-Chrome Plating on Zinc Die Castings (D) 11- 74
Adhesion of Hard Nickel to Aluminum Alloys 12- 42
Plated Coatings for Non-Decorative Applications (D) 12- 74

ORGANIC COATINGS

Strippable Coatings for Metal Protection (R) 1- 74
Moisture-Proof Rectifier Stacks (R) 3- 86
Plastic Lining Material (R) 4- 82
Prevention of Iron and Steel Corrosion (B) 4- 99

Vinyl Protective Coatings (M) ... 6-130
Plating Rod Maintenance (R) ... 7- 76
Heating Tank for Strippable Coatings (R) 8- 74
Self-Priming Protective Coating (R) ... 9- 87
New Rubber-Like, Chemical Resisting Plastic Compounds (R) ... 10- 96
Ucilon Protective Coatings (R) ... 10-108
The Safe Use of Perchloric-Acetic Electropolishing Baths ... 11- 62
Chromated Protein Films on Zinc Alloys (P) ... 11- 73
Chemical-Resisting General Maintenance Paint (R) ... 11- 78
Plastic Stop-Off for Plating (R) ... 11- 78
Strippable Coatings (M) ... 11- 93
Protection Fume Exhaust Ducts (M) ... 11- 93
Plating Stop-Off (R) ... 12- 81

OXIDIZING—See Colored Surface Treatments.

PALLADIUM PLATING

Plating Palladium (P) ... 1- 71
Palladium Plating (P) ... 3- 77

PERIODIC-REVERSE PLATING

Reverse Current Electroplating (P) ... 1- 71
Reverse Current Electroplating (P) ... 1- 72
Combined Reverse Current and Rectifier Unit (R) ... 2- 81
Where Do We Go From Here? ... 3- 71
Periodic Reverse Plating of Nickel and Cobalt (P) ... 9- 99
Heavy Silver Plating in a Single Immersion (S) ... 10- 81

pH

pH—Its Meaning and Determination 1- 56 2- 58
Adjustment of pH in Nickel Plating Baths (D) ... 5- 79
Industrial Waste Disposal Bulletin (M) ... 5- 98
Controlled Neutralization of Waste (M) ... 6-125
Buffer Solutions for Calibrating pH Instruments (R) ... 10- 98

PHOSPHATE COATINGS

Combination Cleaner and Phosphate Coating Compound (R) ... 1- 80
Metal Cleaner and Conditioner (R) ... 1- 81
Removing Phosphate Coatings (S) ... 2- 76
Cleaning Iron and Steel Surfaces (P) ... 3- 77
Activating Metals for Phosphate Treatments (P) ... 4- 73
Pretreatment for Plating Zinc Alloys (P) ... 6-101
Phosphate Coatings (P) ... 6-101
Accelerating Phosphate Coating (P) ... 6-102
Cleaner and De-Ruster for Steel and Aluminum (R) ... 9- 89
Phosphating Treatment for Steel (P) ... 9- 98
Preparing Steel Surfaces for Phosphating (P) ... 9- 98
Phosphating Treatment for Metals (P) ... 11- 72
Phosphating Stainless Steel (P) ... 11- 73
Inhibited Phosphoric Acid Solution (P) ... 12- 72
Treating Iron Zinc Alloys (P) ... 12- 73

PICKLING

Decorative Plating on Aluminum ... 2- 48
Pickling vs. Grit Blasting for Cleaning ... 2- 69
Bright Finishing Pitted Stock (S) ... 2- 76
Bright Dipping Silicon Bronzes (S) ... 3- 74
Pickling Acid for Steel (R) ... 3- 85
Ferric Chloride Booklet (M) ... 3-103
Finishing Monel Metal ... 4- 60
Electroetching Copper Alloys (P) ... 6-101
Nytron in Steel Pickling (M) ... 6-127
Fume Suppression in Pickling Baths (R) ... 7- 71
Removing Corrosion From Zinc and Its Alloys (P) ... 8- 67
Acid Inhibitors (P) ... 8- 68
How Blast Cleaning Replaces Acid Pickling for Metal Cleaning (M) ... 8- 97
Etching Steel (S) ... 9- 76
Pickling Stainless Steels (P) ... 9- 99
Making Etched Brass Nameplates (S) ... 10- 82
Inhibited Acid for Steel Pickling (P) ... 10- 84
Etching Aluminum (P) ... 10- 84
Completely Enclosed Washing & Pickling Machine (R) ... 10- 86
Descaling Furnace (R) ... 10- 93
Vacuum Etching Developed by Ford Engineers (R) ... 10- 98
Hard Nickel Plating ... 11- 53
Removing Copper from Heat Treated Steels (S) ... 11- 70
Excessive Pickling Causes Rough Plating (S) ... 12- 71
Marine Electropickling Apparatus (P) ... 12- 72

PIPING AND FITTINGS

Chemical Process Equipment (M) ... 1- 94
New All-Purpose Cold Solder (R) ... 2- 88
High Speed Electrically Controlled, Air Powered Valve (R) ... 4- 87
Properties of Soft Solders and Soft Soldered Joints (B) ... 5-108
Corrosion Characteristics of Metal Pipe Used in Sprinkler Irrigation Systems (B) 6-141
Air Operated Control Valves (M) ... 8- 95
Diaphragm Valves (R) ... 9- 82
Valve Permits Handling 66° Be Sulphuric Without Leaking, Dripping or Sticking (R) ... 9- 84
Improved Glass-Pipe Coupling (R) ... 9- 85
Karbate Pipe and Fitting Manual (M) ... 9-103
Insulated Clips (R) ... 10- 88
Plating Tank Piping Insulator (R) ... 10- 88
Spray Nozzle (R) ... 10- 94
Corrosion Resisting Plug Valves (R) ... 10- 97
Corrosion Resistant Plug Valves (R) ... 10-109
Corrosion Service Piping (M) ... 12-100

PITTING—See also Peeling.

Bright Finishing Pitted Stock (S) ... 2- 76
Pitting in Nickel Plating (S) ... 9- 76
Blistering of Brass-Plated Die Castings (S) 10- 81

Plated Coatings for Non-Decorative Applications (D) ... 12- 74

STOP OFFS—See also Organic Coatings.

Plating Racks (M) ... 1- 95
High Strength Gummed Tape (R) ... 2- 84
The Use of Graphite in Metal Finishing Operations ... 3- 51

STRIPPING

Decorative Electroplating on Aluminum ... 2- 48
Removing Phosphate Coatings (S) ... 2- 76
Stripping Chrome from Plating Racks (S) ... 4- 71
Chemical Stripper for Nickel and Other Metal Coatings (R) ... 4- 76
Tanks for Stripping Anodized Coatings (S) ... 5- 75
Stripping Manganese Electrodeposits (P) ... 5- 77
Refinishing Hollow Ware ... 6- 79
Stripping Gold (S) ... 9- 75
Stripping Terne Plate (S) ... 9- 75
Recovering Gold & Silver from Highly Acid Baths (S) ... 11- 71
Removing Lead and Bismuth from Polonium Plated Coatings (P) ... 11- 73

TANKS

Chemical Process Equipment ... 1- 94
Plating Tank Wiring (S) ... 3- 75
Unbreakable Anode Rod Support ... 4- 82
Tanks for Stripping Anodized Coatings (S) ... 5- 75
Cement Tanks in Metal Finishing (S) ... 5- 75
Plate Type Tank Heating Coils (R) ... 6-104
Combination Barrel and Still Plating Machine (R) ... 7- 76
Plating Rod Maintenance (R) ... 7- 76
Wood Tanks for Cleaning Metal Tubing (R) ... 8- 79
Leak Detector for Testing Tanks (R) ... 9- 83
Adjustable Anode Rod Arrangement (P) ... 10- 83
Apparatus for Plating Crankshaft Journals (P) ... 10- 83
New Lead Alloy for Plating Industry (R) ... 10- 86
Air Operated Dip Tank for Cleaning Metal Parts (R) ... 10- 92
Converting Bright Nickel Baths (S) ... 11- 71
Water Control in the Plating Room ... 12- 52

TANTALUM

Electropolishing Tantalum (P) ... 8- 67

TESTING

Throwing Power of Electroplating Solutions ... 1- 54
Comment on Dr. Mankowich's Article on "Throwing Power" by Dr. Geo. E. Gardam ... 1- 55
pH—Its Meaning and Determination ... 1- 56; 2- 58
Specular Reflectometer (P) ... 2- 78
Electroplating Corrosion Testing Specimens (P) ... 2- 79
Determining Areas of Sheet Metal Parts (D) ... 2- 80
Methods for Testing Thickness of Electrodeposits (M) ... 2-109
Plating Specifications (S) ... 3- 74
Determining Areas of Sheet Metal Parts —1—Brass Stampings (D) ... 3- 78
Symposium on the Usefulness and Limitations of Samples (B) ... 3-105
Measuring Thickness of Tin Plating (P) ... 4- 73
Electrolytic Thickness Tester for Plated Metals (P) ... 4- 74
"Mesle Chord Method for Plating Thickness" (L) ... 4- 95
Purity Meter for Water (M) ... 4-106
The Analysis of Cadmium Cyanide Plating Solutions ... 5- 62
Electrolytic Plating Thickness Tester (S) ... 6- 99
Hydrogen Embrittlement of Plated Springs (S) ... 6-100
Analytical Control of Tin Fluoride Baths (P) ... 6-102
Thickness Measurement of Non-Magnetic Coatings on Steel (R) ... 6-112
Test for Hydrogen Embrittlement Failures (S) ... 8- 64
Test for Hydrogen Embrittlement of Plated Parts (S) ... 8- 64
Chromic Acid Control (S) ... 8- 65
Plating Thickness Tester (R) ... 8- 79
Leak Detector for Testing Tanks (R) ... 9- 83
Analyzing Plating Solutions (M) ... 9-102
Colorimetric Methods for the Analysis of Electroplating Baths ... 10- 58
Poor Throwing Power on Chrome Plating (S) ... 10- 81
Roughness Measurement of Surfaces (P) ... 10- 84
Water Alkalinity Test Paper Set (R) ... 10- 86
Buffers for Calibrating pH Instruments (R) ... 10- 98
Metal Finishing Research at Battelle Institute ... 11- 42
Self-Illuminated Industrial Microscope (R) ... 11- 80
Adhesion of Hard Nickel to High Strength Aluminum Alloy ... 12- 42
Plating Thickness Micrometer (R) ... 12- 81

THROWING POWER—See Testing and Electrochemistry

TIN PLATING

Electrodeposition of Tin (P) ... 1- 70
Tin Plate Treatment (P) ... 1- 70
Tin Plating by Immersion Solves Difficult Problem ... 4- 66
Heavy Tin Plating (S) ... 4- 72
Measuring Thickness of Tin Plating by Electrolytic Stripping (P) ... 4- 73
Tin Plating Bath (P) ... 4- 73
Continuous Tinning of Strip (P) ... 5- 77
Increasing Anode Efficiency in Alkaline Tin Plating (P) ... 5- 78
Continuous Brightening of Tin Plate (P) ... 5- 78
Welding, Brazing and Soldering of Plated Metals ... 6- 93
Analytical Control of Tin Fluoride Plating Baths (P) ... 6-102
"Heavy Tin Plating" (L) ... 6-139
Cadmium vs. Tin vs. Zinc for Salt Spray Resistance (P) ... 7- 65
Brightening Tin Plate on Cast Iron (S) ... 8- 64
Tinning by Immersion Treatments (S) ... 8- 64
Immersion Plating of Zinc, Cadmium and Tin on Aluminum Alloys ... 9- 52
Plated Coatings for Non-Decorative Applications (D) ... 12- 74

TUMBLING AND BARREL FINISHING

New Bulletin on Belke Barrels for Deburring, Burnishing, Drying (M) ... 1- 94
Decorative Electroplating on Aluminum ... 2- 48
Pickling vs. Blasting for Cleaning ... 2- 69
Deburring Delicate Parts (S) ... 2- 77
Almco Tumbling Machine (R) ... 2- 83
Reducing Finishing Costs Through Modern Techniques ... 3- 63
8 Door Fixed Tumbling Barrel (R) ... 3- 79
Variable Speed Burnishing Barrels (R) ... 3- 83
Improved Burnishing Barrels (R) ... 4- 76
Submerged Abrasive Burnishing ... 5- 55; 6- 72
Multi-Barrel Tumbler for Mass-Finishing (R) ... 5- 85
Multiple Tumbling Barrel (R) ... 6-104
Deburring and Finishing Barrel (R) ... 6-105
Burnishing Aluminum and Stainless (R) ... 6-110
Burnishing Barrels (M) ... 6-129
Barrel Finishing (P) ... 7- 67
Tumbling Barrel (P) ... 7- 67
Tumbling Conveyor Degreasing Machine (R) ... 7- 73
Deburring and Finishing Equipment (M) ... 7- 82
Hardened Surface on Ball Burnished Parts (S) ... 8- 65
Deburring and Polishing Barrel (P) ... 8- 68
Burnishing and Tumbling Machine (R) ... 9- 86
Larger Steel Balls by Pioneer (R) ... 9- 89
Door Arrangement for Tumbling Barrels (P) ... 10- 84
Burnishing Balls (M) ... 10-109
Barrel Tumbling Practice on Yale Hardware ... 11- 51
Tumbling Machine (P) ... 11- 73
Small-Lot Variable Speed Tumbling Barrels (R) ... 11- 75
Barrel Tumbling Manual (M) ... 11- 92

VENTILATION AND EXHAUST SYSTEMS

Window Fan (R) ... 2- 88
Design of Industrial Exhaust Systems (B) ... 2-110
Portable Self-Contained Dust Collector (R) ... 3- 88
New Dust Collector Catalog (M) ... 3-103
Suction Tube Added to Torit Line (R) ... 4- 85
Roto-Clone Dust Collector (R) ... 5- 82
Semi-Portable Dust Collectors (R) ... 7- 72
Rubber Lined Exhaust Equipment (M) ... 7- 81
Fume Exhaust System (P) ... 8- 67
Twin Cyclone Dust Separator (R) ... 8- 72
Improved Dust Collector Features Increased Suction (R) ... 8- 77
Room De-Humidifier (R) ... 10- 93
Protection Fume Exhaust Ducts (M) ... 11- 93
Self Contained Dust Collectors (M) ... 12- 98

WASTES, DISPOSAL OF

Treatment of Plating Wastes ... 3- 56
Treatment and Disposal of Industrial Water Wastes (B) ... 3-105
Treating Cyanide-Bearing Waste Liquors (P) ... 5- 78
Industrial Waste Disposal Bulletin (M) ... 5- 98
Waste Treatment (M) ... 5- 99
Controlled Neutralization of Wastes (M) ... 6-125
Cast Iron Drains for Plating Room (S) ... 8- 65
"Chemical Stoneware Drains" (L) ... 10-108

WATER

New Bantam Demineralizer (R) ... 1- 77
Water Demineralizers (R) ... 2- 81
Treatment of Plating Wastes ... 3- 56

Temperature Control for Cooling Water Systems (R) 3- 82
Water Demineralizer (R) 4- 83
Purity Meter for Water (M) 4-106
Water Alkalinity Test Paper Set (R) 10- 86
New Water Conditioning Bulletin (M) 11- 94
Water Control in The Plating Room 12- 52

WETTING AGENTS

Synthetic Surface-Active Agents in Metal Finishing 4- 68
Surface Active Agents (B) 7- 97
Synthetic Detergents (R) 8- 74
Some Notes on Synthetic Detergents 11- 48

ZINC PLATING

New Dip Treatment for Zinc (R) 1- 74
New Iridite Finish (R) 1- 81
Decorative Plating on Aluminum 2- 48
The Bending Qualities of Hot Dip Zinc Coatings 2- 65
Bright Zinc Plating (P) 3- 76
Welding, Brazing and Soldering of Plated Metals 6- 93
Hydrogen Embrittlement of Plated Springs 6-100
Bright Zinc Finish (S) 7- 65
Cadmium vs. Tin vs. Zinc for Salt Spray Resistance (P) 7- 66
Zinc Plating (P) 7- 67
Test for Hydrogen Embrittlement Failures (S) 8- 64
Zinc Plating (D) 8- 66
Removing Corrosion from Zinc and its Alloys (P) 8- 67
The Zinc Industry (M) 8- 93
Immersion Plating of Zinc, Cadmium and Tin on Aluminum Alloys 9- 52
Throwing Power of Zinc Solutions (S) 9- 75
Conversion Coating on Zinc (P) 9- 77
Producing High-Purity Electrolytic Zinc (P) 9- 97
Bright Zinc Plating in Barrels (M) 9-101

INDEX TO AUTHORS
